V. Centerville Specific Plan Fee

On September 14, 1993 the City Council adopted the Centerville Specific Plan. The Plan contains land use circulation, historic preservation, and open space goals and regulations, as well as design guidelines and a program of public improvements. As enabled by state law, the Plan also describes a Specific Plan Fee which would help to defray the cost of plan preparation. The fee which is applicable only in subareas 1, 4, 5, 7, 8 and 11 of the Plan area is imposed on all new construction except rebuilding or additions to single family homes and minor additions to commercial uses.

Developers would benefit from the Specific Plan by reduced environmental assessment costs (in that development consistent with the Specific Plan would be covered by the project EIR) and faster review of some land use changes (for example, changes to residential development in subareas 5, 7, and 11 would require a Planned District application rather than a General Plan amendment).

The fee varies between subareas based on the amount of staff and consultant time spent on each subarea as follows:

Subareas 1, 5, and 7	\$2,985/acre of site
Subareas 4, 8, and 11	\$175/acre of site

Funds raised by Group III-B or III-C are to be segregated, used and accounted for to provide an approved community benefit. If a City facility is used to support a fund-raising activity and that facility does not have a "Fremont Private Group" (Group IV) Fee, the minimum hourly fee will be equal to the rate set for private use of open space (presently \$30 per hour) plus any actual costs to the City.

GENERAL CONDITIONS OF USE FOR ANIMAL SERVICES

¹Two or three year pet licenses are purchased by pet owners at a reduced fee at their option and, therefore, are not refundable in whole or in part, nor will credit be allowed toward licenses for other pets.

²Pet owners presenting a receipt from a veterinarian clinic or municipal animal shelter for prepayment of a spay or neuter operation for their pet will be allowed to purchase a one year license at the spay/neuter rate.

³Late penalty shall be assessed when pet license is not renewed within thirty (30) days following expiration, when unlicensed dog/cat has been in the City of Fremont for more than thirty (30) days, when a pet license has not been purchased within thirty (30) days following the rabies vaccination.

⁴California law requires municipal animal shelters to collect a deposit for rabies vaccination for each dog adopted. Rabies vaccination fee subject to change dependent on fees charged by local veterinarians.

⁵Explanation of References

- (a) Fees listed are the minimum charge. Actual fees will be computed at the cost of labor plus overhead and/or cost of materials involved in providing the services.
- (b) Animal boarding charges will be levied for each overnight stay excluding days in which the animal shelter is not open to the public.
- (c) When an injured stray animal is taken to a veterinarian for treatment, boarding charges start as of the date of impound. If the owner is initially unknown but identified later, all charges will be assessed against the owner.

⁶Adopted dogs and cats must be spayed or neutered, therefore, a deposit/fee is collected. Any charges levied by veterinarians in excess of the amount collected will be the responsibility of the pet owner.

⁷Animal Permit, Potentially Dangerous and Dangerous Dog License delinquency fees shall be assessed when each permit license renewal fee is not received by the City within thirty (30) days following expiration.

⁸Fee does not represent full City cost of providing this service.

⁹Fluorescent rabies anti-body test conducted by Alameda County Health Department shall be charged to pet owner and will be subject to change based on County's fees.

¹⁰Fee provides initial processing and one property inspection. Additional inspections or City services will be billed at actual cost of labor plus overhead and/or cost of materials involved in providing the service.
